

Second Announcement

Soil Gases in Environmental and Geological Processes *International Conference*

6th November, 2026.

Hungary Supervisory Authority of Regulatory Affairs
(SARA)- 50 Alkotás út Budapest, Hungary

The conference aims to bring together researchers, professionals, and students working in the following fields:

- H₂ and natural analogues
- CCS monitoring systems
- Radon in soil gases
- Agricultural aspects of soil gases
- Microbiological processes related to soil gases
- Soil gas studies associated with the carbon cycle
- Nitrogen and sulphur in soil gases
- Anthropogenic gases in soil
- Geological origin of soil gases

Keynote speaker:

Orlando Vaselli (University of Florence)- Revealing hidden information by punctual and diffuse soil gas chemistry

Registration and abstract submission: 30th September 2026
<https://forms.gle/MciFg4FDN6RN6vJx5>

Conference fees:

Early registration (30th September 2026): Regular: 60 Eur, Student 35 Eur, Online 10 Eur.

Late registration: Regular 70 Eur, Student 40 eur, Online 10 Eur

Website: <https://hungarian-geography.hu/co2soil/conference>

We look forward to welcoming you to Budapest!

On behalf of the Organizing Committee:

Csilla Király and Csaba Szabó
